

## **MASK UPDATE**

**June 30, 2021**

Although Oregon's masking requirements lift as of today in most places, please be aware that masks are still mandatory in healthcare settings. This includes Lower Umpqua Hospital, Dunes Family Health Care, Reedsport Medical Clinic, and our Same Day Clinic.

For those visiting our Business Office and Family Resource Center, if you have been fully vaccinated, masks are optional.

Our providers and staff thank you for your cooperation.

Masks continue to be required  
in our healthcare facilities.

Thank you for your cooperation.
